In Dedication to Michelle Henry

All remember Michelle with her dignified smile and light-hearted laugh. She succeeded in showing her classmates to live life to its fullest and never take it for granted. In this dedication we hope to show that Michelle touched our hearts in the same way she showed us how precious life truly is.

Michelle, you showed us strength and courage that many could not endure. You always made the best of any situation, even when the odds were against you.

You laughed with us and cried with us, never letting on that you were hurting. You always enjoyed life and cherished every moment.

You were a true friend to many people and your friendship meant a lot to us. There will always be a special place in our hearts for you.

Although you've gone from us for good
the memories will never fade.
Your smiling face, your caring ways
that touched us every day.

Fly Tonight

Ready light a candle
 don't think I'm comin' home,
 can't see any further and
 I'm feelin' so alone.
 Fallen dreams left a path
 right to the rainbow's end.
 You may not find what your looking for,
 but you may just find a friend,

and when you see tomorrow
 will you still know my name?
 Will you feel the wind blow
 and will the rain still feel the same?
 and now I wish I didn't know
 things I didn't know then.
 Say a prayer tonight
 and fly up the Heavens,

Not sure where I'm going,
 and I'm not sure where to go.
 Blow out this candle,
 and I'll see you when I get to Heaven,

— feel this road is winding on
 and the days no longer blend to one.

Think about you every now and then
 and how your smile was like the sun,

So if your feelin' lonely
 and your smiles blocked by rain,
 I'll see you when I get to Heaven
 cause you've always got a friend,

Fly tonight
 Spread your wings and fly to the Heavens.

Thanks to the advisor

The Class of 1993 would like to thank Mr. Mueller for dedicating his time and energy to making the ninety-three yearbook a success. He helped to bring the pages together, keep the staff motivated, and make the process enjoyable. Without his organization and knowledge, the completion of the yearbook may not have been achieved. Above all, we would like to say thank you for showing us how much you care.

Dr. Butler

Mr. Pesce

The Class of 1993 would like to thank Dr. Butler and Mr. Pesce for helping to shape our ideals and goals by being generous, knowledgeable, and caring. They watched us grow and have shared a wonderful time in our lives. We appreciate the support they have given us and we hope we have made a positive impact on their lives just as they both made a memorable impact on ours. Thank you.

The Class of 1993

Thanks to Guidance

The Class of 1993 would like to thank Ms. Dardeno for her 30 years at North Reading High School. Ms. Dardeno dedicated her time and expertise to the students at the high school. Each year she would treat the next generation of students with the same respect and admiration as the students before. She guided students about their day-to-day lives and also helped students to make decisions for the future. Her energy and time spent at North Reading High School is respected by both her colleagues and the students who encountered her. On behalf of all who have known her we wish her the best in the years to come. Thank you.

The Class of 1993

The class of 1993 would like to thank Mr. Gould for all his energy and time spent helping the class throughout high school and especially for our senior year. Due to the shortage in guidance counselors he was faced with helping the entire senior class decide the right choice after high school, send applications, write recommendations, and assist students in dealing with the extra pressures and choices of senior year. Thank you for making our senior year successful and for showing us how much you care. We appreciate your dedication to the class. We will miss you next year.

Good-bye

The Class of 1993 would like to thank Mr. Weisse for his 34 years of unyielding dedication to the band, chorus, and theater at North Reading High School. Through government cutbacks, renovation, and a smaller enrollment, Mr. Weisse never gave up on students interested in the music program. We appreciate his time spent with all levels of students in the North Reading school system. Mr. Weisse is respected by his colleagues, students, and the community. We all value his energy and enthusiasm in making the North Reading music program one we all can be proud of. Thank you Mr. Weisse.

The Class of 1993

The Class of 1993 would like to thank Mr. Donovan for his 23 years at North Reading High School. Words cannot express the effect he has on all his students. He is a terrific individual who always continued teaching his number one priority. His positive attitude, his understanding ways and his ability to teach the concept of physics are all qualities that are very hard to find in a single person. He is someone special who has made a tremendous impact on our lives, as a teacher and as a friend. We will miss you Mr. Donovan. Thank you.

Beauty is something that comes from within you. Some might flourish it in different ways than others whether they reveal it more or less. Never be afraid of letting people understand how you really are. Everyone can open up their minds and hearts. You'll find many friends and loved ones like I have found in North Reading. To all of you and you know who you are "I couldn't have done it without you." I'll never forget all the good times I had and you'll always have some place in my heart forever.

Once Upon A Mattress

Voices from the High School

We came into this building with anticipation as timid sophomores, not fully knowing what to expect from our high school years. Now, in what seems just a short time, we will leave this building as unique individuals with futures ahead that only we can determine.

Through experience we have all found our own identity and established our personal goals in life. We have made many acquaintances and uncovered special friendships that will continue to grow.

As our senior year comes to an end and we look back on past experiences and realize they are now memories, too precious to ever lose. As you flip through this book made up of memories don't hesitate to laugh a little or cry a little, in fact make it a point to re-live in your mind the times most precious to you.

As we stand together for the last time as a class, remember the special people who made your high school years memorable, and look forward to meeting the people who will make your future what it will be.

Each and every one of us came to this school as a student, and although we leave this building as North Reading High School graduates, and our high school days are now memories, we will always have the spirit and pride of the class of 1993 with us. Best of luck to the class of 1993, and all your future endeavors.

Morning Star

You've fought your way here

Struggled through it all

Held your head up high

As you let the tears fall.

You've made your way here

Come, take my hand

We'll watch the sun rise together

As we sit on the morning sand.

You're here at last

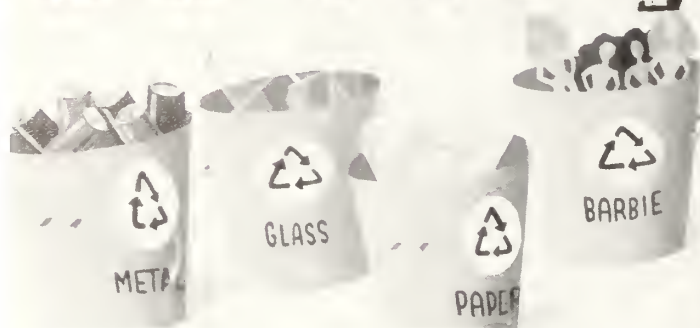

How brave you are

You are one in a million

My shining star.

For Just A Moment

We laughed, until we had to cry
And we loved, right down to our last goodbye
We were the best, I think we'll ever be
Just you and me
For just a moment.

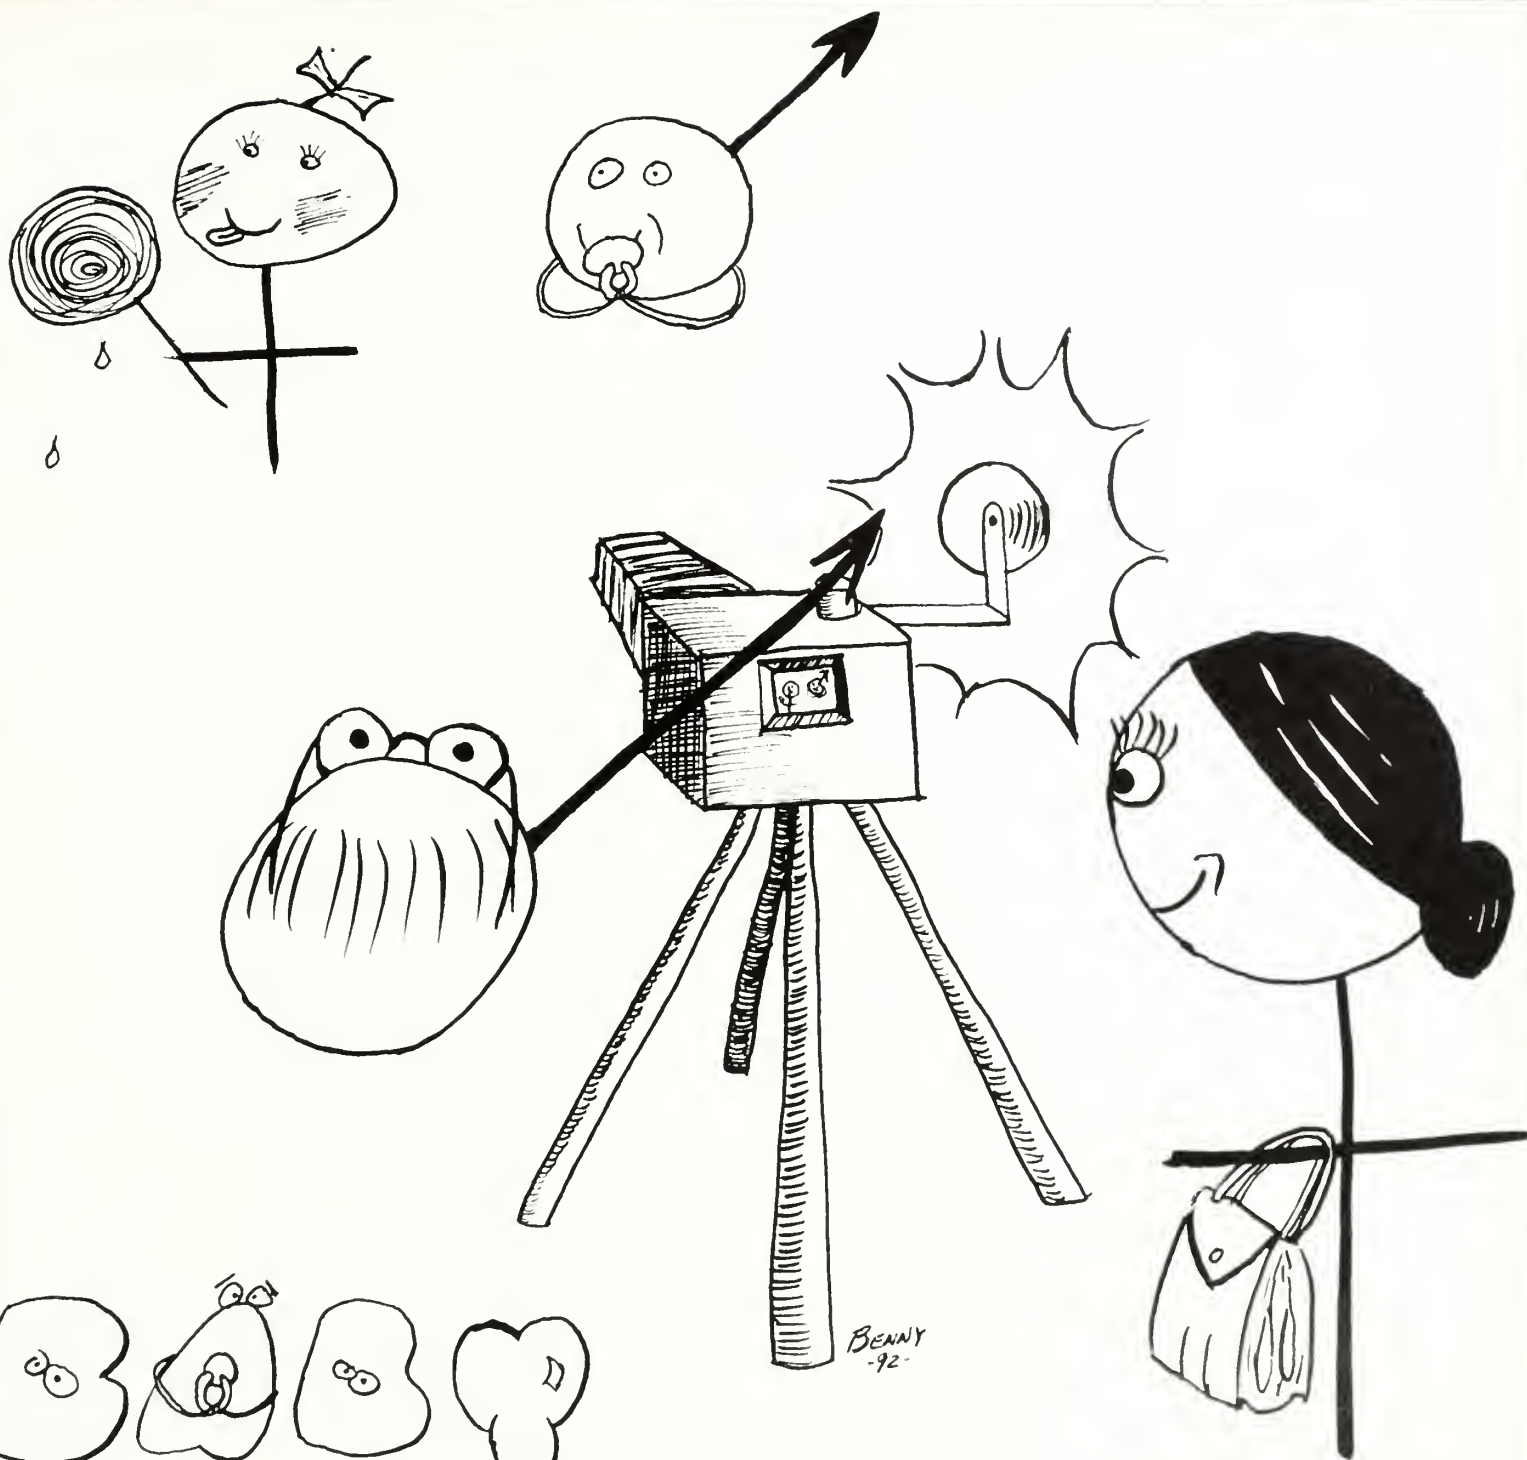

We chased that dream we never found
And sometimes, we let one another down
But the love we made, made everything alright
We shone so bright
For just a moment.

Time goes on, people touch
And their gone
And you and I
Will never love again
Like we did then.

Someday when we both reminisce
We'll both say, there wasn't too much we missed
And through the tears, we'll smile when we recall
We had it all
For just a moment.

Time goes on, people touch
And then their gone
But you and I
Will never really end
We'll never love again
Like we did then.

We laughed, until we had to cry
And we loved, right down to our last goodbye.

Matt:

You have powers you never dreamed of. You can do things you never thought you could do. There are no limitations in what you can do except the limitations in your own mind as to what you cannot do. Don't think you cannot, *think you can!* We are so looking forward to watching you do all the things we know you can do.

To Chris

As you lay your life's foundation in your golden years of youth, allow no one to stop you or keep you from the truth. Be patient and forgiving when all others are forsaking and never be afraid of life no matter what is taken. Cling to your standards and fight the good fight and take a firm stand for the things that are right. You know life's never measured by how many years we live but by the kindly things we do and the happiness we give. I LOVE YOU

To Robyn, Sheila, and Katy:
 "We've conquered our past
 The future is here at last
 We stand at the entrance
 To a new world we can see . . ."
 There comes a time
 When we must finally stand apart
 When the lives we've led suddenly change
 And the friends we've made suddenly leave
 Although we'll face that new world alone
 I'll bring with me our memories
 Which brought us to that entrance
 From the smiles we shared
 To the tears we shed
 The laughter we loved
 And the crying we hated
 We managed to stay
 Together
 So now it's time for us to go
 Friends forever, that I know
 I'll always keep you in my heart
 For there, I'll never let us part.
 Don't ever forget us! Hey, remember when . . .
